O R D E R:

The Director of Agriculture has proposed that the posts of farm managers at the Agricultural Research Stations at present held by the Upper Subordinates of the Agricltural section may be converted into that of Assistants in the Research sections. The special rules for the Madras Agriculture Service prescribe that an upper subrodinate for appointment as Director of Agriculture in category 5 of the service should have a total service for a period of not less than five years as Agricultural Demonstrator, Farm Manager, or Teaching Assistant and which one year should be as Farm Manager. So it is out of the question to reserve the posts of Farm Managers for Assistants in the Research Sections alone. Further, it is not considered de desirable to keep on assistants as farm managers for long periods. The proposal of the Director of Agriculture is therefore negatived.
